Definitions

ACCOMMODATION ACTIVITY

Accommodation Activity is available provincially, or broken-down by the seven tourism areas. *Source: Tourism Nova Scotia*

Room-Nights Sold: Estimated number of units sold each month; calculated based on reports submitted by all licensed fixed-roof accommodations (i.e. hotels, B&Bs, etc.) in Nova Scotia. A unit is normally one room. However, a cottage or suite containing two bedrooms or more is considered one rentable unit. At least 85% of licensed units available in each region must report before releasing the estimated room-nights sold. Estimates use the occupancy rate of the reporting properties to project room-nights sold for all available units.

Occupancy Rate: The percentage of estimated units that are occupied (sold) out of those available in the province. This rate is based on reports submitted by all licensed fixed-roof accommodations (i.e. hotels, B&Bs, etc.) in Nova Scotia.

Data includes Nova Scotians and people staying for nontourism purposes
