## TARGET TRAVELLER SEGMENTS

The Explorer Quotient® (EQ) traveller segmentation approach helps identify and understand high-potential visitor prospects by understanding why people travel, why different types of travellers seek different experiences, and how tourism operators can engage with visitors based on their travel values. Tourism Nova Scotia has identified three key target visitor groups:

- **Authentic Experiencers:** These are understated travellers looking for authentic, tangible engagement with destinations. They prefer to do their own thing and having control over what they see and when they see it.
- **Cultural Explorers:** These are travellers who love to travel often and embrace continuous opportunities to discover and immerse themselves in the culture, people, and settings of their chosen destinations.
- **Free Spirits:** These are highly social and open-minded travellers. They are experimental and adventurous and will indulge in high-end experiences that are shared with others.

## APPEAL OF NOVA SCOTIA

Nova Scotia is a strong match for what visitors from the UK look for in a vacation. These travellers love to visit places that allow them to:

Meet friendly and welcoming people

Tour around to enjoy multiple destinations

Relax and de-stress

Enjoy beautiful scenery and landscapes
